today's educational landscape requires practitioners to move from a teacher-centric to a more inclusive and student-centric approach to address the diverse needs of students. Educators must understand the challenges they face and learn how to address them. This volume highlights the significance of diversity and inclusion practices in educational institutions.

This book is organized to make it easier for students to understand its contents, which is based on nearly 20 years of teaching experience in economics. It is presented in a simple and yet in-depth format to benefit readers, especially students studying principles of economics. The book provides appropriate examples in understanding issues and questions on economic studies. There are also discussion questions to reinforce the reader's understanding.
